

Instructions for creating/updating your Profile and Claiming MOC Points

Before You Participate

If you are participating in this activity with the intention of claiming MOC points, start by logging into **My CE/CME**, then clicking **My Profile**. Be sure your profile is **completely updated** with your correct name, ORGANIZATION, MAILING ADDRESS and **most importantly your SPECIALTY**. Having your correct specialty is important because it helps us identify your therapeutic area and allows us to offer you other relevant activities. Feel free to check off as many specialties as needed.

To log in or create an account:

- Visit <https://upenn.cloud-cme.com>
- Click **Sign-in (DO NOT CREATE A NEW PROFILE!)**
 - Non-Penn Medicine Employees: sign-in with your **email address**. *You may need to reset your password before proceeding.*
 - Penn Medicine Employees: You must sign in with your **Pennkey** and **Password** (This is the email address/password you use to sign into any other Penn Medicine-secure URL).
- Once you have signed-in, return to the **HOMEPAGE**
- Click **“My CE/CME”**

After Completing the Course

To claim MOC points for this activity, after you have completed the course and received your certificate, follow the instructions above to log back into My CE/CME. You will have 30 DAYS to claim your credit.

Attention Physicians Claiming MOC Points for ABIM

MOC points you earn from participating in this module will be reported to the ABIM within 30 days of your completion. Be sure you update your profile (see above for instructions on doing so) to include your **DOB** and **ABIM#**. Your points WILL NOT be reported if you do not complete this step.
